Abstract

In this paper are given the instructions for preparing camera ready paper for the TTEM Journal. The recommended, but not limited text processor is Microsoft Word (docx). Insert an abstract of 150-200 words, giving a brief account of the most relevant aspects of the paper. It is recommended to use up to 5 keywords. The Keyword should appear on the new line following the last line of the abstract, without a line space, set in Times New Roman 10pt.

Keywords: Article, ready paper, TTEM Journal.

1. Introduction

In order to affect high quality of the papers, the authors are requested to follow instructions given in this sample paper.

Title page - Every article has to have a title page with a title of no more than 10 words: name (s), last and first of the author (s), name of the institution the author(s) belongs to, abstract, keywords, introduction, etc.

The paper has to be typed on a standard size paper (format A4). All materials, including tables and references, have to be typed single-spaced. Main text should be set in 11 pt Times Roman, not in bold. All of the text should be printed as a double column and JUSTIFIED throughout.

Regular length of the papers up to 12 pages, (preferred text length is between 5000-7000 words). Footnote-comments, explanations, etc., cannot be used in the paper. Where cannot be avoid end noted should be used after conclusion with given numbers in a squared bracket [1].

2. Instructions for the authors

Main text body - Times New Roman 12 point's font should be used for the text. The manuscript has to be prepared in two columns separated by 5 mm. The margins for A4 (210×297 mm2) paper are given in Table 1.

Regular paper may be divided in a number of sections. Section titles (including references and acknowledgements) should be typed using 11 pt fonts with **bold** option.

Sections can be split in subsections, which should be typed in 10 pt *Italic* options. Figures should be one column wide. If it is impossible to place the figure in one column, two column width figure is allowed. Each figure must have a caption under the figure. For the figure captions 10 pt font should be used.

2.1. Tables and Pictures

Tables have to be numbered and shown by their order, so they can be understood without having to read the paper. Pictures also have to be numbered as they appear in text. All illustrations (pictures, drawings, diagrams, photos, figures etc.) have to be original. Authors are obligated to take Copyright permission, and any misunderstanding or conflict of interest will be responsibility solely of Author. Preferably the picture format is TIF, quality 300 DPI.
